„PERSPEKTIVE PARTNERSTVA VLASTI, PRIVREDE I INSTITUCIJA VISOKOG OBRAZOVANJA U PODSTICANJU
EKONOMSKOG RAZVOJA“**

Ekonomski fakultet Brčko, Univerziteta u Istočnom Sarajevu, uz podršku suorganizatora, Vlade Brčko distrikta, Ekonomskog fakulteta u Subotici, Perm State Agro-Technological University Russia, Voronezh State Agricultural University Russia, Aleksandras Stulginskis University, Faculty of Economics and Management, Lithuania, Elektrotehničkog, Filozofskog fakulteta, Univerziteta u Istočnom Sarajevu, Fakultet za hotelijerstvo i turizam Vrnjačka Banja, Selçuk University Konya-Turkey i Shanghai Polytechnic University, organizuje Petu međunarodnu konferenciju na temu „**ULOGA VISOKOŠKOLSKIH USTANOVA U SAVREMENOM POSLOVNOM AMBIJENTU**“ koja će se održati od **7. do 9. novembra 2018. godine**, u prostorijama Ekonomskog fakulteta Brčko.

Stanje i razvoj privrede zahtijeva postavljanje institucija visokog obrazovanja kao nosilaca promjena, kako u javnoj administraciji, pomoću strategija razvoja, tako i u realnom sektoru, kao podrška procesu odlučivanja. S tim u vezi, a uzimajući u obzir i činjenicu da je grad Brčko trgovački centar s dugogodišnjom tradicijom i da sada, kao Distrikt Bosne i Hercegovine, ima stabilne budžetske prilive, prepoznata je potreba za uspostavljanjem još kompaktnije veze između vlasti, privrede i institucija visokog obrazovanja. Stvaranjem ovakve interakcija otvara se mogućnost da institucije visokog obrazovanja uzmu učešće u kreiranju uslova za ekonomski oporavak i dalji napredak ove lokalne zajednice. Cilj Konferencije je razmjena ideja, metoda i iskustava koje mogu da se primijene u širim područjima ekonomskog i društvenog života. Uz to, želja organizatora je i da Konferencija predstavlja inkubator ideja koji će pomoći u realizaciji dva cilja: kreiranja centra za naučno-istraživački rad i kreiranja strukovnog studijskog programa. Zaključci s Konferencije pružiće mogućnost komparativne analize i razmjene iskustava ovog tipa saradnje u podsticanju ekonomskog razvoja lokalnih zajednica i okruženja.

Zvanični jezici Konferencije su službeni jezici u Bosni i Hercegovini i engleski jezik.

CALL FOR PAPERS

The 5th International Conference on

November 7-9, 2018

Faculty of Economics Brcko, 11 Studentska, 76 100 The Brcko District of Bosnia and Herzegovina

Faculty of Economics Brcko, University of East Sarajevo, in cooperation with the Government of the Brcko District of BiH, Faculty of Economics in Subotica, Perm State Agro-Technological University Russia, Voronezh State Agricultural University Russia, Aleksandras Stulginskis University, Faculty of Economics and Management, Lithuania, Faculty of Electrical Engineering, Faculty of Philosophy, University of East Sarajevo, Faculty of Hotel Management nad Tourism, Selçuk University Konya-Turkey and Faculty of and Shanghai Polytechnic University organizes the 5th International Conference entitled **“THE ROLE OF HIGHER EDUCATION INSTITUTIONS IN A MODERN BUSINESS ENVIRONMENT”** that will take place at the premises of the Faculty of Economic Brcko.

The state of the economy requires strategic positioning of academic institutions as promoters of change, both in public administration, through the strategy of development, and in the real economy, through the support in the process of decision-making. Considering the fact that the Brcko District of Bosnia and Herzegovina has been a powerful trading center with more than a hundred years old tradition and stable budgetary inflows, the need to establish a more compact synergy between local government, the real sector of economy and the institutions of higher educations has emerged. This interaction will allow academic institutions to take part in generating concrete results in the District's economic recovery and help enable its further progress.

The aim of the Conference is the exchange of ideas, techniques, methodologies and experiences applicable to the wider areas of economic and social life. Moreover, the organizers hope that this Conference will become an incubator for ideas and help achieve two goals: setting up a research center and launching vocational education program. The conclusions of the Conference will contribute to the comparison and the exchange of this type of cooperation experiences in fostering the economic development of local communities.
